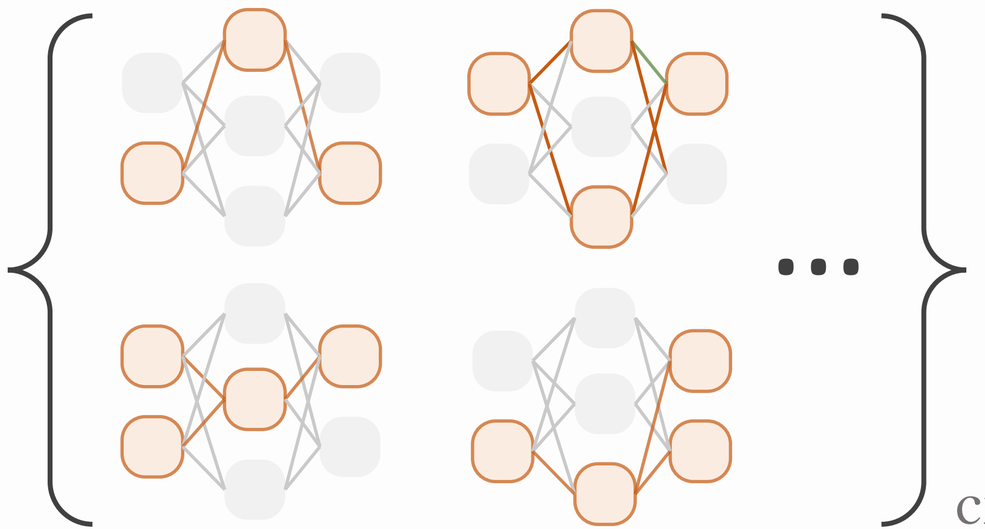
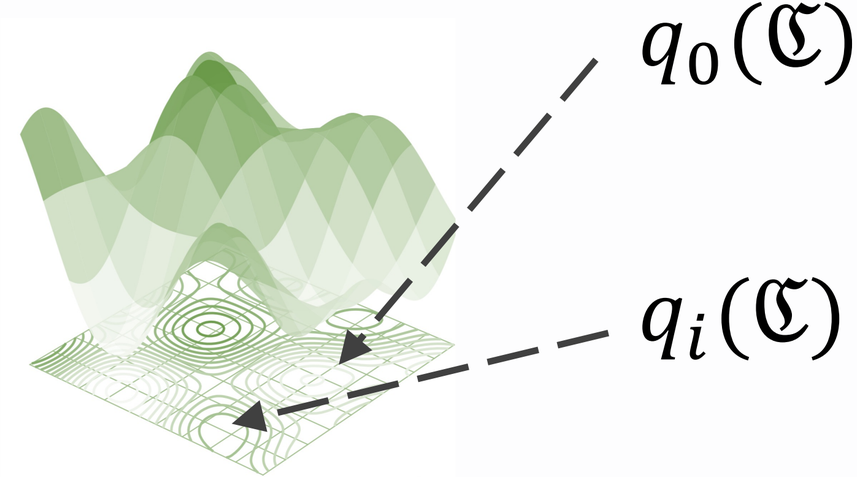
$\mathcal{E}$ Explanation hypothesis



e.g, circuits

μ Causal queries



e.g, causal invariance queries

D Error Measure

For one query q, and an explanation 

Circuit ablation

$$\mathrm{D}(q, \text{  }) = \mathrm{KL}(\, P_V^{\mathfrak{C}} \,\|\, P_V^{\text{  }} \,)$$

e.g. for circuit, KL between ablated and full network
